20th Century Tapestry Aubusson no. j5256

Description

An exceptional French Aubusson-style flatweave tapestry rendering a classic 18th-century fête galante pastoral scene. Centered within an expansive verdure landscape, two horseback riders journey through a sun-dappled forest framed by leafy chestnuts, wild acanthus, and woodland foliage. The composition is enclosed by a floral garland border featuring roses and scrolling vines in muted terracotta, ochre, forest green, and slate blue. Modern canvas backing and finished blue/teal outer edging ensure structural integrity and ease of installation. An ideal wall accent for traditional interiors, European country estates, or classic library spaces.
