

Bright Saffron Antique Angora Oushak Rug no. 31495

Description

An early 20th century angora wool Oushak rug with a bright saffron color field with a double scroll column prayer motif. This is a genuine piece woven with angora goat wool and it's an antique. There is no noticeable repairs or any condition issues at all. The previous owner must have not used it much at all. Looks like it was used as wall hanging with rods tied on backside,
